# HOSPITALITY

**Whether it's a hotel, restaurant, or any other hospitality property, we guarantee to portray your business in the best possible light.**

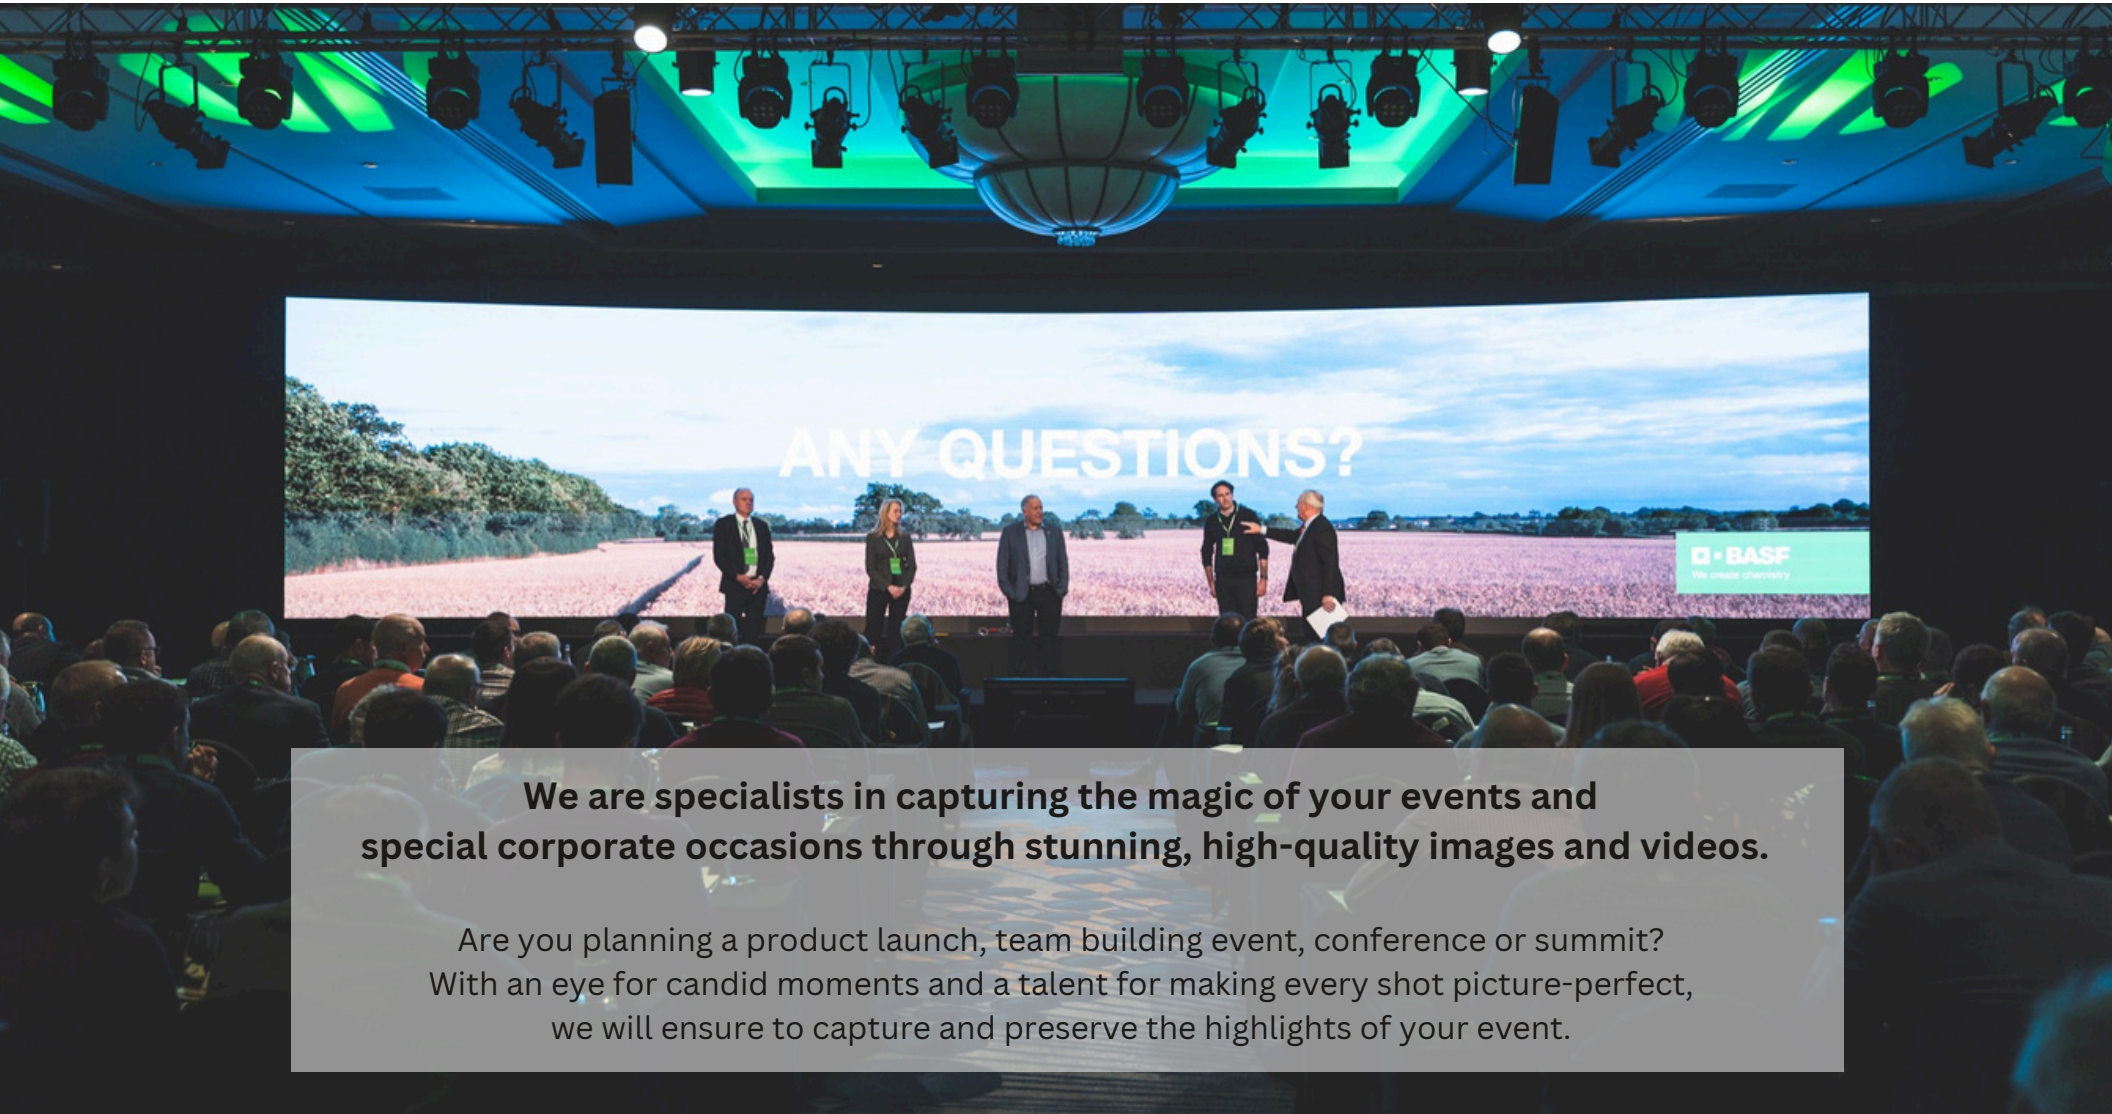

We have worked with numerous hospitality businesses in Ireland and know what it takes to capture the flavour and atmosphere guests should expect.

# EVENTS

**We are specialists in capturing the magic of your events and special corporate occasions through stunning, high-quality images and videos.**

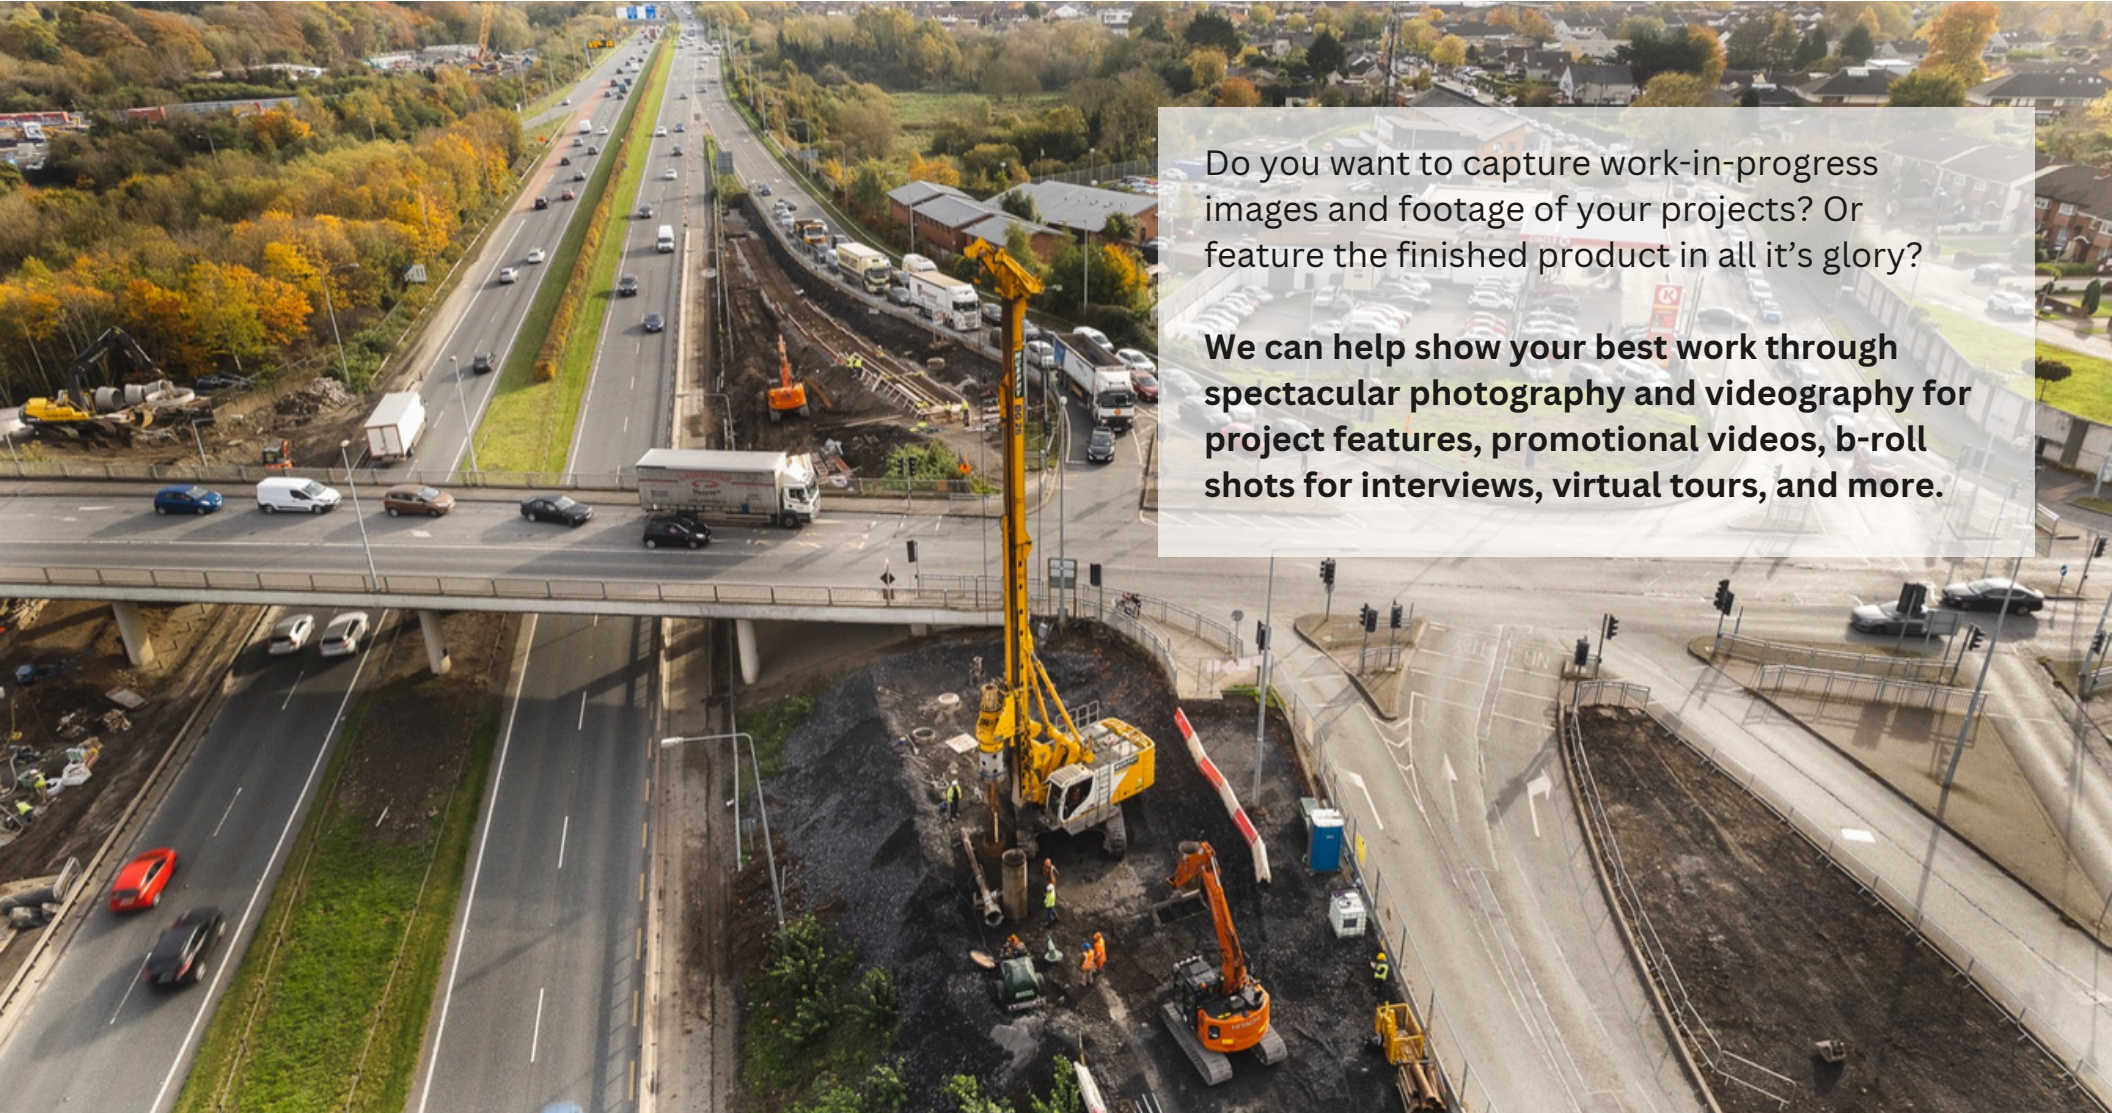

Are you planning a product launch, team building event, conference or summit? With an eye for candid moments and a talent for making every shot picture-perfect, we will ensure to capture and preserve the highlights of your event.

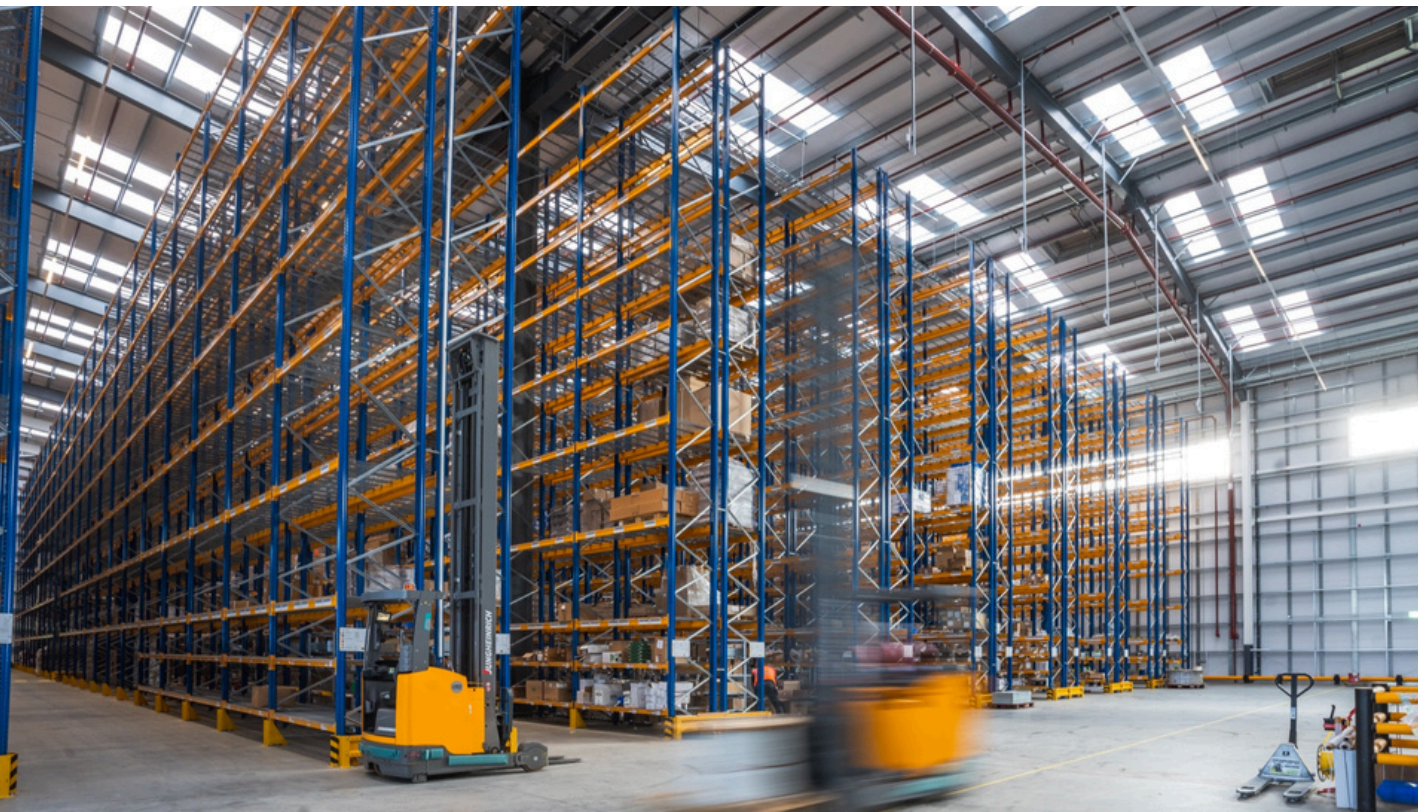

# CONSTRUCTION

Do you want to capture work-in-progress images and footage of your projects? Or feature the finished product in all it's glory?

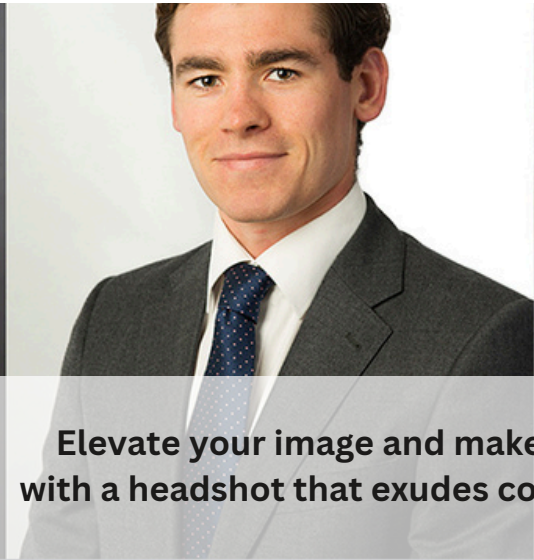

**We can help show your best work through spectacular photography and videography for project features, promotional videos, b-roll shots for interviews, virtual tours, and more.**

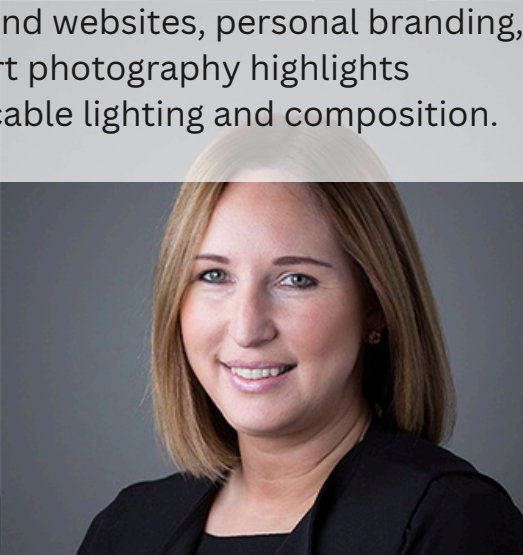

# HEADSHOTS

**Elevate your image and make your first impression count with a headshot that exudes confidence and professionalism.**

Whether for corporate profiles and websites, personal branding, or social media, our expert photography highlights your best features with impeccable lighting and composition.

## LET'S TALK VIDEO

**We specialise in creating compelling video content - we can help you tell your story, showcase your products and services and connect with your audience in the most powerful way.**

Taking care of everything from planning through to shooting and editing, we provide promotional videos, interviews, social media content and virtual tours. We are experts in combining creative vision with technical excellence to produce dynamic, high-quality videos that captivate and engage.

# THE PROCESS

**Our strict creative process ensures the very highest quality is delivered to our clients every time.**

1. We will meet with you to establish your needs and objectives for the project.
2. Preparing the shoot itself includes scheduling, location scouting, obtaining necessary permits or permissions (if necessary), and arranging any additional equipment or props needed.
3. Conducting the photoshoot according to the agreed plan. Paying attention to lighting, composition, and other technical aspects to capture compelling images that align with your vision.
4. After the shoot, we select the best images or video footage and perform post-processing tasks such as colour correction, retouching, and cropping using the latest editing software.
5. We review the edited images to ensure they meet the highest standards of quality and professionalism. Double-checking for any errors or inconsistencies that need to be corrected before delivery.
6. Finally, delivering the final images to you in the agreed-upon format and delivery method.

## ABOUT ERIC MOLIMARD

**Originally from France and now living with his Irish wife and two children in County Kildare, Eric has always had a flair for imagery.**

From a very young age, he photographed family holidays and local landscapes, learning how light behaves and shapes people and things. He believes that understanding and being able to control light is the basis of good photography.

Since becoming a professional commercial photographer and videographer in 2010, he has accumulated a wealth of knowledge and experience, capturing images and videos of everything from people and animals to products, buildings, food and a lot more besides.

As well as spending time behind the lens, Eric is a talented musician, keen biker and fitness enthusiast.
